Manage your career proactively

# Your relationship with London Business School lasts a lifetime

The LBS Alumni Career Centre is here to support you in your continued personal and professional development, no matter what stage you are at in your career.

We offer professional development support, expert careers content, market insights and networking opportunities.

**Whatever your career development needs we can support you to:**

## **Develop your personal brand**

Understand your career values, aspirations, strengths and transferrable skills - building a strong professional 'story'

## **Explore your options**

Develop your awareness and knowledge of the labour market, sectors, organisations and competitive landscape to evaluate your 'fit'

## **Continually learn and develop**

Seek out developmental opportunities and build and engage with your networks

## **Develop a dynamic action plan**

Be intentional. Develop an action plan, evaluate your progress and adapt accordingly

## Career coaching

The Alumni Career Centre offers all alumni the option of two free career coaching sessions (per year) with one of our highly experienced Alumni Career Coaches. These coaches adapt their approach to your needs and can work with you on a multitude of career related topics including:

- (Re-) defining your career goals
- Preparing and executing a job search or promotion strategy
- Transitioning careers or seeking out stretch assignments
- Interview preparation and salary negotiation.

We will work with you to find and connect you to a coach that is right for you.

## Online resources

We have curated a set of online career development tools and resources to aid you at different stages of your career. These resources allow you to work on developing your career independently, whenever you need to and includes support on:

- Updating and polishing your CV and cover letter(s)
- Managing your brand on LinkedIn to transition or accelerate your career
- Gathering industry insights and resources
- Working on your interview and assessment technique.
